Indivisible-Springfield members to attend Rep. Warren Davidson Town Hall April 11

Town Hall sponsored by far-right group, Miami County Liberty

Who: Indivisible groups from the 8th OH Congressional District, including Indivisible-Springfield, Indivisible OH8 and Miami County Indivisible

What: Rep. Warren Davidson Town Hall event

When: Tuesday, April 11, 2017, 7 p.m.

Where: Concord Room, 845 West Market St., Troy, OH.

Why: Indivisible-Springfield has been in discussions for several weeks to host a town hall with Rep. Warren Davidson in Clark County. The group secured permission to use the Enon VFW Hall and was waiting for Rep. Davidson's office to set the date when it received word that he was attending an event in Troy, sponsored by the extreme rightwing group Miami County Liberty, instead.

Rep. Davidson has not held a town hall in his district since 2016, and he has never held one in Clark County. Instead, he has refused to address Clark County residents' concerns by only attending carefully selected events outside Clark County that are not open to his entire constituency or the general public.

Indivisible-Springfield calls on Rep. Warren Davidson to meet with his constituents in Clark County to answer questions and address their concerns about the disastrous Trump agenda and his support for it.

About Indivisible-Springfield: Located in Clark County, Ohio, Indivisible Springfield is dedicated to resisting the Trump agenda by engaging in grassroots activism. We are a grassroots movement following the Indivisible Guide in order to resist racism, authoritarianism, and corruption in government.
